

2. Catalight Young Scientist Symposium: Artificial Photosynthesis

Tuesday 21 September 2021

Spectroscopy I (16:05-16:30)

time	[id] title	presenter
16:05	[22] Mechanistic Insights through In Situ Reaction Monitoring in Photocatalytic Synthesis	MADANI, Amiera

Spectroscopy I (16:40-17:30)

time	[id] title	presenter
16:40	[11] Operando redox state kinetics in photo- and electro-catalytic schemes for water splitting	BOZAL GINESTA, Carlota
17:05	[49] Operando x-ray spectroscopy studies of mesoporous FeNiOx catalysts for alkaline water splitting	TRZESNIOWSKI, Hanna
